http://products.abscraft.ca/ccsc_programs/CCSCEISCV1.0.0_archive.zip

INSTALL

Upload:

Connect to your processor with your preferred method and upload the Main program.

Configure:

Go to: <http://Processor-IP/cws/api/config>

Configure the program based on your system requirement and hit "Save"

Digital Media:

If you are using a DM Midpoint, please assign the **IPID of 15** to your DM pointed to your processor's IP address.

LICENSE

Trial:

Without having a valid license, the software will run with limited functions for awhile for testing purpose.

License:

To receive an activated license please contact Abscraft Inc. and have your processor's serial number & MAC address ready.
